Report for One Day Workshop on Android
(19/12/2015)

A Workshop on "Android" organized by **Computer Science and Engineering** department, where the Students of Computer Science and Engineering were present. The main objective of the workshop to have a theory and practical knowledge of Android Development. **T.Ravi Kiran**, Senior Analyst, Trylogic Software Solutions, Hyderabad, was invited by the institution as speaker for the day.

The event started on 8th Dec 2015 with an overwhelmingly warm welcome address delivered by Prof **S.Sreenivasulu**, Head of the Department, followed by words of motivation by **Dr. M.LAKSHMANA RAO**, Principal of PEC, welcomed our resource person T.Ravi Kiran enriching association between us in the future. One of the students sang a melodious rendition to invoke the blessings of the Goddess of Enlightenment. The audience were inspired by the motivating words of Dr.M.LAKSHMANA RAO followed by the interesting talk by T.Ravi Kiran.

T.Ravi Kiran, Senior Analyst, Trilogic Software Solutions, conducted the workshop with power point presentation. He explained how the Android is an open source and Linux-based Operating System for mobile devices such as smart phones and tablet computers. Android was developed by the Open Handset Alliance, led by Google, and other companies. And also delivered how the Android offers a unified approach to application development for mobile devices which means developers need only develop for Android, and their applications should be able to run on different devices powered by Android.

T.Ravi Kiran had interactive sessions with the students on course outcomes and mapping to create experience for all the participants. He suggested the students to be a Android Developer.

At the end of the Day, few Students gave their feedback, and explained how they were benefited. In the end T.Ravi Kiran was presented with token of appreciation by Principal Dr.M.LAKSHMANA RAO for the reference and support in organizing this workshop.
