

REPORT OF FIELD VISIT --- VELIGONDA AND SRISAILAM PROJECTS

09 -05-2018,
KANDUKUR.

To
The HOD
Department Of CIVIL ENGINEERING
PRAKASAM ENGINEERING COLLEGE
KANDUKUR.

Dear Sir,

Sub: Report of the Two – Day field visit to Veligonda project & Srisailam project

We students of IV CIVIL were informed two days before that an industrial visit to Veligonda project was scheduled. As instructed by our faculty we assembled at college by 9:00 a.m. Altogether 53 students boarded the bus along with four faculty members and one Lab Assistant. Buses started at 8.00 a.m and we reached Veligonda project by 11.00 a.m. The Engineer there received us and we were taken to control Room. We were divided into two groups, half the batch was explained about the control room operation. The remaining half was guided by a Sub Engineer present there. They were taken to tunnel. We have seen the practical construction of two parallel tunnels of 18.8 km with 9.2 m and 7 m internal diameter and 21.6 km Flood flow canal for the water transmission system linking with Srisailam Reservoir up to Guntur-Kurnool road. They have explained us very clearly construction process. The visit came to an end at 2.30 p.m.

We left the premises at 5.00 p.m and went to Srisailam project 9.00 a.m in the morning of next day. Engineer present there explained the working process of dam maintenance and power generation. It was an informative, interesting and a successful visit. As students of Civil Engineering, We Have learned about the different equipments present in tunnel. We express our thanks to the HOD, PRINCIPAL who permitted us to go on the visit, the faculty members who accompanied us and the officials who explained the various departments. Behalf the students we request you to arrange more industrial visit for the students which can practically train the students.

Thanking you

Yours Faithfully,

III CIVIL –students.
