

Cultivating comprehensive student growth

BEST PRACTICE 1

HOLISTIC DEVELOPMENT OF STUDENTS

Semester-I

Assessable:

Students are provided with a Basic English Foundation Programme in the institution, delivered by experts from various renowned industries and institutes.

Non-Assessable:

Students receive orientation and motivation sessions, along with guidance on transitioning from school to college. They identify their strengths and weaknesses, and through SWOT analysis, set their aspirations and goals.

Semester-II

Assessable:

Students receive a Basic English Foundation Programme at the institution, delivered by experts from various renowned industries and institutes.

Non-Assessable:

Students are introduced to various management techniques, including time management, prioritization and decision-making, communication, and mind mapping.

Semester-III

Assessable:

Intensive practice sessions are conducted in aptitude areas such as verbal, quantitative, logical, and non-verbal reasoning.

Non-Assessable:

Teams practice various communication skills including interpersonal communication, writing skills, and creative/lateral thinking. Through these exercises, they develop leadership skills and enhance team dynamics. Moreover, they learn the significance of resource planning and emotional intelligence.

Semester-IV

Assessable:

Intensive practice sessions are held for aptitude areas such as verbal, quantitative, and logical reasoning.

Non-Assessable:

Teams engage in practicing various communication skills, including interpersonal communication, writing skills, and creative/lateral thinking. These activities aid in the development of leadership skills and foster positive team dynamics. Additionally, participants gain an understanding of the significance of resource planning and emotional intelligence.

Semester-V

Assessable:

Intensive practice sessions are led by the in-house training team, covering topics such as numerical ability, logical reasoning, and verbal reasoning.

Non-Assessable:

Communication skills are vital in numerous aspects of students' lives, spanning from their professional careers to social interactions and personal relationships. This training is especially crucial for students from remote areas. In addition to communication skills, they will receive hands-on training in resume writing and preparation.

Semester-VI

Assessable:

Arrange a diverse array of training programs in collaboration with reputable external training organizations and in-house trainers to educate students in quantitative aptitude, logical reasoning, and verbal reasoning.

Non-Assessable:

Students will concentrate on refining their interview skills, encompassing aspects like attire, body language (including postures and gestures), maintaining eye contact, cultivating a positive attitude, teamwork, engaging in group discussions, and participating in mock interviews. Additionally, they will have the opportunity to interact with HR professionals from multinational corporations during the annual HR Conclave Meet, where they can gain valuable interview experience.

Semester-VII

Assessable:

Coordinate multiple training programs with esteemed external training organizations and internal trainers to assess students on topics such as numerical ability, quantitative aptitude, logical reasoning, verbal reasoning, and interview skills. Utilize both online platform tools and offline paper evaluations for assessment. These skills will equip students to successfully navigate interview rounds in various recruitment drives.

Non-Assessable

The Entrepreneurship Development Cell (EDC) organizes numerous activities aimed at training and motivating students in planning and organizing, recognizing opportunities, critical and creative thinking, and analytical skills. These skills are essential for students to effectively establish their own startup firms and generate employment opportunities. Our motto is to foster an entrepreneurial mindset among students, emphasizing the creation of jobs rather than seeking employment.

Semester-VIII

Assessable:

During this phase, our students will primarily concentrate on the employment opportunities facilitated by our organization. We will invite various Tier 1, 2, and 3 companies to participate in recruitment drives, providing our students with access to a wide range of career prospects.

Non-Assessable

Students aspiring to pursue further education in India or abroad receive training in various areas such as GATE, TANCET, CAT, MAT, IELTS, GRE, and other relevant exams. Our training methodology is tailored to suit competitive exams like IBPS, SSC, and UPSC, ensuring comprehensive preparation for a diverse range of academic and career pathways.

BEST PRACTICE 2

A Community Advancement Initiative by
National Service Scheme (NSS)

National Service Scheme

National Service Scheme (NSS), Youth Red Cross (YRC) units at PEC are doing commendable work in fostering social awareness among students. Indeed, integrating social awareness into education is crucial for developing well-rounded individuals who can empathize with others and contribute positively to society.

By participating in social awareness campaigns and activities, students not only learn about the needs of different communities but also develop important life skills such as communication, collaboration, and social responsibility. These skills not only benefit them during their academic years but also serve them well in their professional lives.

Creating an environment where students are encouraged to engage with diverse perspectives and understand societal issues not only enhances their academic performance but also promotes a culture of empathy and inclusivity within the college community. This, in turn, can lead to a more enriching and fulfilling college experience for all students involved.

It's inspiring to see educational institutions like PEC recognize the importance of social awareness and actively work towards instilling these values in their students.

Awareness Programme on Right to Vote

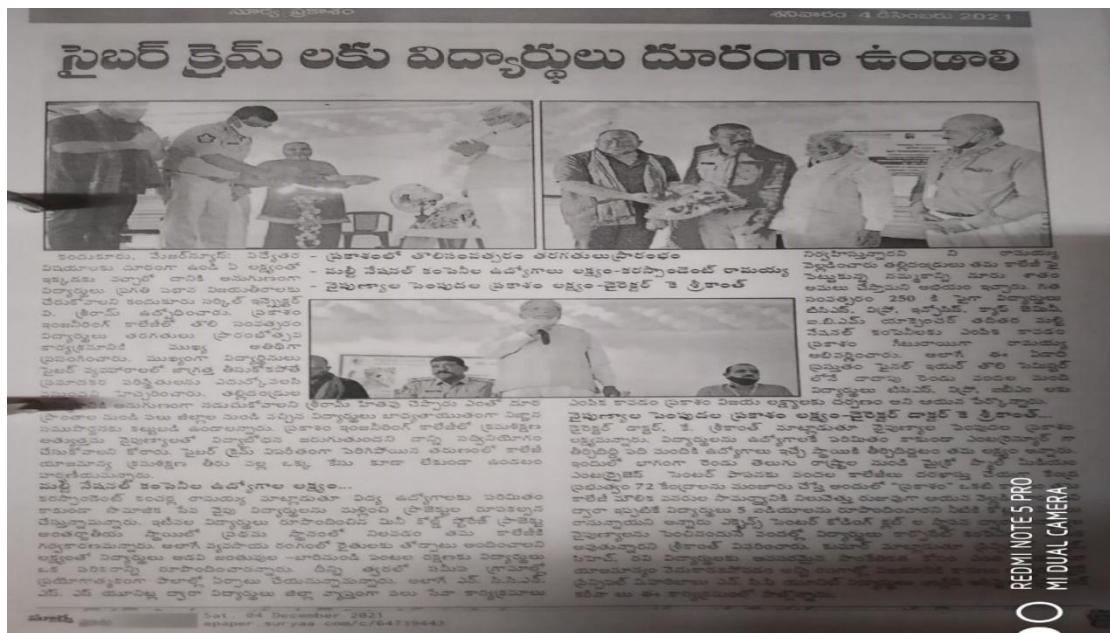

Vote should be used as a weapon

Kandukuru, January 21: Vote is the weapon of the people to **protect democracy and it must be used**. Tahan Store & Seetharamaiah said as part of National Voter's Day, held an awareness session on voting at the local ZP Girls High School on Saturday. In this program, he said that everyone who has reached the age of 18 should get registered as a voter and everyone should use their right to vote to elect good people. On this occasion, essay writing and elocution competitions were organized for the students and prizes were awarded to the winners. Teachers and revenue staff participated in the program. Kanchala Ramaiyah, Correspondent of Prakasam Engineering College, said in a statement that it is a pleasure to see a student of their college winning the third prize in the Essay and Oratory competitions.

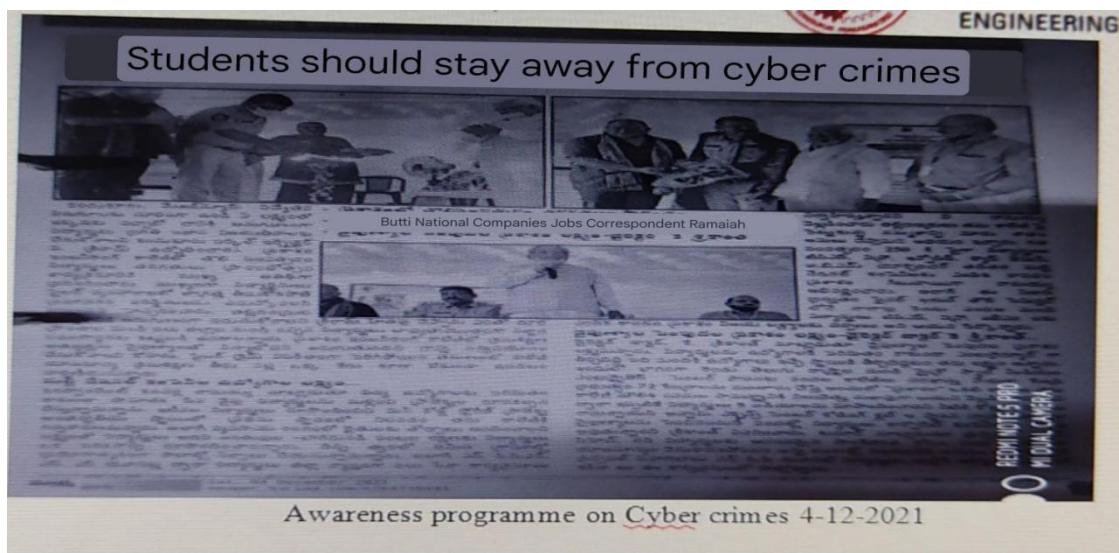

Prakashakti Sankuru is the prize

for the student of Prakasham across the state Chunduri, a student of Prakasam Engineering College, bagged the joint third position in the Essay on the Use of Voting Rights conducted by the Revenue at the constituency level. A student of Prakasam was selected for the third prize in the competitions held in local girls' high schools on Saturday. Correspondent said in a statement that the success of Prakasam students in the academic sports and cultural sections is also gratifying to win the prize in the general knowledge section. On 23rd of this month, the three who got Prabhamu and Dritya Atya positions were invited by the district level Po Ahwa in the district revenue department. The local revenue official has revealed that three candidates will be selected from all the constituencies in the district and will be given through the outside.
