CHAPTER-12	
E-GOVERNANCEPOLICY	
Electronic governance or e-governance can be defined as the usage of Information and Communication Technology (ICT) by the organization to provide and facilitate required services, exchange of information, communication, transactions and integration of various stand alone systems and services, thereby creating the transparent, paperless, and automated data system.	
Objectives	<p>Implementation of E-governance in all the functioning units of the Institute.</p> <p>e-Governance will provide simpler, transparent and effective system to handle the data in one roof.</p> <p>To make the paper free campus. To make campus Wi-Fi enabled. To have ICT enabled Classrooms To establish a fully automated Library. To monitor all the activities of the college.</p>
Policies	The implementation of e-governance should be for all the functioning Units of the institute like administration, examination, students, library, Finance & accounts, admissions, teaching-learning process, etc. The Policy is formulated to have complete, transparent and well documented data.
Website	<p>In general, institute website www.prakasamec.com will act as an information center for the stakeholders and it will reflect the activities carried out inside the college. So policy is made to disseminate all the details In the Web like circulars, GC details, all the departmental activities, important notices, courses offered, etc.</p> <p>For this purpose, policy is made to have a separate system administrator, who's role is to made the regular updates and to maintain the website.</p>
Administratio n	For establishment of Management Information Systems (MIS), the college has opted for some ERP solutions which have been highly beneficial for both academic and administrative purposes. Online registration by students during admissions has helped us to create an accessible student database. The system also helps to save time and the whole process reduces paper usage.
Finance and Accounts	The accounts of the College are maintained under cash basis of accounting. Fees are collected and details are maintained digitally. The records of students' receipt and their account profile are updated regularly. Daily cash collection and payment reports are generated from the software and recorded in the cash book from time to time and is posted to various ledgers. Class wise report of fees to be received and the actual fees received are reconciled after every semester with the help of the software. Staff salary is also maintained in the system.

Student Admission and Support	Online registration by students during admissions has helped us create an accessible student data base. The system also helps save time and the whole process reduces paper usage. During admissions, to enter data of a new student and generate roll number. The student data like student and parents' mobile number, Email id, Hostel room information, permanent address, etc. will updated once a year as per request
Examination	The college has a University Examination Cell which is facilitated with modern ICT tools for smooth conduction of University Examination. Subject registration to result generation is done through online mode with help of web portal. For Internal evaluation, objective type pattern examinations are conducted through Google form. Internal evaluation grades are also uploaded online. Computerized result analysis is used to generate individual student reports which help faculty to plan remedial and additional coaching for slow learners.
Library	Library Policy has been taken to automate the library process. It is also decided to bring the software for the library process automation. Policy has been made to maintain the stock in the software. The policy has been taken to update the e-learning resources every year regularly for the benefit of the learners. Policy also has been taken to subscribe to new journals and books regularly, Policy have been taken to have barcode mechanism to lend the books and to have the entry through barcode. Policy has been taken to have Graphical User interface, Unicode support with Multi lingual Search and export facility for most reports.

CHAPTER-13

DEGRADABLE AND NON-DEGRADABLE POLICY DOCUMENT

Effective waste management through efficient disposal or recycling is an important process for any organization as it impacts the health and environment of not only those who work and live on campus, but also those in the surrounding community. Therefore, providing a healthy and safe environment is our top priority

1	Solid Waste Management	Routine solid waste is daily collected in dustbins at different locations, which are emptied in movable containers and carts, after segregating into different types of bio and non-bio degradable waste and taken to the dumping yard.
2	Liquid Waste Management	The non-reusable liquid waste is sent through proper Drainage to the corporation drainage system.
3	E—Waste Management	E-waste from labs is properly collected and is given to the Licensed recycler. Non-working computers, monitors, and printers are discarded and scrapped on a systematic basis. Students are also imparted awareness and education about E-Waste
4	Water Recycling System	Rain water is collected from the main building, hostels, open auditorium, canteen and all other building in the college. The entire rain water is diverted to the rainwater harvesting pit near the entrance of the college.
5	Hazardous Chemical and Radioactive Waste Management	Hazardous chemicals are not used in the laboratories. Acids Indiluted fortm are used in chemistry laboratories, which are discharged directly to the drainage. No radioactive elements of any fomi are used in the campus and thus its waste is not generated in the campus.
